A moment of review...

EVOLUTION OF THE APPLICATION

Smoke Signal – on site software/premise based

Cloud Signal – off site software/cloud based

OnTime4Class – on & off site software & service

OnTimeforAnything - on & off site plus mass messaging

Staff Alert 911 – On & Off plus custom integration

We were still missing something →→→→

the Ultimate Communicator

The Challenge

- Provide any organization a rapid message system
- Activate the message " from anywhere anytime in seconds
- Provide service without menus, manuals, and man-hours
- Provide this service at a low price – low enough for any budget

The Turning Point *Ultimate* found a way to send messages by text, email, and telephone calls without any hardware or software!

The Execution - It is as easy as **A, B, C ...**

A. The customer:

1. Dials a subscriber phone number.
2. Enters a group/security code then presses the '#' button
3. Records a message (short or long), then presses the '*' button

B. A detailed report is available to the subscriber within minutes.

C. The message is delivered to a list of contacts via our cloud server

The Result – Appointment reminders / Urgent messages sent / Recruit for help / Fill the seats – auditoriums, concert halls or theaters / Confirm a delivery /

EVOLUTION OF THE APPLICATION

Smoke Signal – on site software/premise based

Now called **Ultimate Communicator - Premise**
